

## Associazione Vitruvio

The way to find out an exciting  
and unexpected Bologna

Hi, I am Gabriele Bernardi, vice-president and art- director of Vitruvio, an association born with the aim to increase the value of the old waterways of Bologna.

Bologna is an old city famous for the culinary specialities, its “young nature” but not only...

Since the 12. century a network of canals coursed in the city but now most of them flow underground in the old town. After some years during which Vitruvio has produced

many successful initiatives, today is the association which organizes as many events as possible dedicated to the canal system: guided tours, festivals, events, and tour on rafts during all year in order to improve Bologna’s cultural and historical heritage. The entertainment promoted by Vitruvio is not a conventional one: it makes use of all art’s languages covering theatre, dance, music and visual arts to arouse emotions and sensations.

If you want to live an adventurous, but also funny experience under the city in the dark, or along the Moline Canal in the light, or take part in an exciting live performance along the underground path of the Aposa torrent with musicians and actors, you are welcome to our involving and stimulating initiatives. To get more information you can visit the web- site: [www.vitruvio.emr.it](http://www.vitruvio.emr.it). Here you will find a lot of photos and videos!!

I’m going to attend the Rimini fair on the 16<sup>th</sup> or 17<sup>th</sup> October. It could be a good chance for us to plan a profitable partnership.

If you would give me the name and the contacts of your agent, I will send him/ her our offers in order to find the most suitable product for your market.

I look forward to your answer.

Gabriele Bernardi
